

4flow named a Leader in the 2026 Gartner® Magic Quadrant™ for Specialist Supply Chain Strategy, Planning and Operations Consulting

Trusted transformation partner placed highest in Ability to Execute

Berlin, May 29, 2026 – 4flow, a leading global provider of supply chain consulting, software and managed services, was named a Leader in the 2026 Gartner Magic Quadrant for Specialist Supply Chain Strategy, Planning and Operations Consulting. Gartner placed 4flow highest in terms of its Ability to Execute and second furthest in Completeness of Vision.

4flow supports its customers with customized solutions from strategy to implementation. Proven in 25 years of successful customer projects, this end-to-end approach and digital innovation make 4flow a trusted global partner for supply chain transformation.

"We're very pleased to be named a Leader in the Gartner® Magic Quadrant™ for Specialist Supply Chain Strategy, Planning and Operations Consulting," said Kai Althoff, CEO of 4flow, of the report. "From day one, we've been digital innovators in supply chain, and I believe that this latest recognition from Gartner validates our vision as well as our 25-year track record. 4flow turns vision into a reality to deliver measurable, lasting value for our customers."

4flow's consulting services advance its customers' supply chain maturity, supporting them toward cross-functional supply chain orchestration. This includes the optimization of supply chain networks, planning, logistics and manufacturing, as well as digital transformation. By combining cutting-edge, AI-powered methodologies with years of industry knowledge, 4flow works with customers to transform their supply chains into seamless, resilient and high-performing networks equipped for the future.

Sören Hagen, COO of 4flow, commented: "I feel that this recognition speaks to our team's dedication to excellence. 4flow has always taken an end-to-end approach to supply chain optimization, supporting our customers along the entire value chain. We understand that transformation doesn't stop at strategy, it needs to deliver a tangible business impact. That's why we're committed to our customers' success, from strategy through implementation, go-live and beyond."

The Gartner Magic Quadrant for Specialist Supply Chain Strategy, Planning and Operations Consulting is a culmination of rigorous, fact-based research in the supply chain consulting market, providing a wide-angle view of the relative positions of providers. Providers are positioned into four quadrants based on their Completeness of Vision and Ability to Execute: Leaders, Challengers, Visionaries and Niche Players.
